

# ETD: Engineering Technology: Drafting Courses

---

## Courses

### **ETD 2320 Computer Aided Design**

College of Sci and Engineering, Department of Mechanical  
Engineering

3 sh (may not be repeated for credit)

Provides in-depth, hands on experience using a single, industry-  
standard CAD application. Students will use application mode settings  
and drawing aids, shortcuts, and other software features to prepare  
work.
