Graduate Certificate Programs

The University offers a variety of certificate programs to pursue as a stand alone certificate, to complete in conjunction with a graduate degree, or to take for professional development. Requirements are determined by the academic department offering the certificate. Upon approval and notification to the Office of the Registrar from the academic department, awarding of a certificate is listed on the transcript. Actual certificates of recognition may or may not be issued by the academic department. Contact the academic department offering the certificate program for more information, including application procedures.

For information regarding VA certification of certificate programs, please contact the Military and Veteran’s Resource Center (MVRC) (http://uwf.edu/mvrc).

Graduate Certificate Programs
