

Residency for Tuition Purposes

To qualify as a Florida resident for tuition purposes, the student must be a U.S. citizen, permanent resident alien, or a legal alien granted indefinite stay by the U.S. Citizenship and Immigration Services, and must have established physical and legal residence in Florida for at least the last 12 consecutive months. Students who do not meet these basic criteria cannot be classified as Florida residents for tuition purposes. Questions regarding residency status upon application and readmission to UWF should be directed to the Graduate School. Questions regarding a change of residency status for currently enrolled students should be directed to the Office of the Registrar.

Determination of Dependent or Independent Status

Students enrolled in a graduate program (master's, specialist, or doctoral) are considered independent for residency purposes. Graduate students wishing to claim dependent status should contact the Graduate School (new graduate students) or the Office of the Registrar (change of residency status) for required information to prove dependent status.

Residency Documentation

In addition to being a U.S. citizen, permanent resident alien, or legal alien granted indefinite stay by INS, a student must provide the following documentation at least one week prior to the first day of classes for any given semester:

Status

- Students enrolled in a graduate program are considered independent for residency purposes (petitioners are not required to evidence their independent status), OR
- If basing residency classification on spouse's residency status: documentation of being the spouse of someone who has resided in the state of Florida for the previous 12 months with the intent of establishing a permanent home (requires the marriage certificate, the residency statement and supporting documentation of the spouse, plus a photo copy of the student's Florida driver's license, voter registration, or vehicle registration), OR
- If claiming dependent status: documentation of dependent status and documentation that your parent, legal guardian (court appointed), or adult relative (resided with for 5 years), has resided in the state of Florida for the previous 12 months with the intent of establishing a permanent home (requires copy of current IRS return from parent, legal guardian, or adult relative, and the residency statement and supporting documentation should be that of the parent, legal guardian, or adult relative); AND

Change of Residency Status

Change of Residency or reclassification procedures apply to any student who attended UWF within the last three semesters and is requesting a change to his or her residency status. A student who has been enrolled, while classified as a "non-Florida resident for tuition purposes" and wishes to be considered for reclassification as a "Florida resident for tuition purposes," should file with the Office of the Registrar a Residency Reclassification form (<http://uwf.edu/offices/registrar/residency/residency-reclassification>), with copies

of supporting documentation attached. The request and documentation must be submitted one week (<http://uwf.edu/offices/registrar/resources/academic-dates-and-deadlines>) (7 days) prior to the first day of classes for any given semester.

This request for reclassification is also required for students who are active duty or discharged members of the Armed Forces who wish to change from non-Florida or temporary Florida resident to Florida resident status.

Living in or attending school in Florida will not, in itself, establish legal residence. An individual must be able to demonstrate that his/her activities in Florida during the qualifying period are not primarily student related. Residency in Florida must be for the purpose of establishing a permanent home and not merely incidental to enrollment at an institution of higher education. A period of non-enrollment during the 12 month qualifying period may be required. In addition, university residence halls, fraternities, sororities, scholarship houses, and other UWF campus addresses are not permanent addresses for residency purposes. The burden of proof of permanent residence lies with the student.

Reclassification of Residency Status

Students who enter as nonresidents who intend to apply for reclassification after their first year will be required to provide clear and convincing documentation that supports permanent legal residency in the State of Florida for at least twelve (12) consecutive months rather than temporary residency for the purpose of pursuing an education.

Reclassification of residency is highly regulated by the Legislature of the State of Florida. Almost every year, legislation is considered and/or passed that impacts the process. The Reclassification Process is individualized and document-intensive. You should be prepared to provide as much documentation as possible to justify your unique situation. The documentation that you submit must address three basic questions grouped into two parts. Part One: 1) Why did you move to the State of Florida? Part Two: 1) What are your legal ties to the State of Florida? and 2) Were you physically present in the State of Florida for the requisite twelve months?

Physical Presence

Establishing physical presence is done by one of two means (must be dated at least one year prior to the first day of classes of the semester for which resident status is sought):

- A residential rental/lease agreement (e.g., rent receipts, canceled checks, or notarized statement from a landlord) or a deed/mortgage (proof of purchase of a permanent home in Florida) in the students name and dated, which the student has resided for at least one year prior to the first day of classes, OR
- Utility and/or Cable Bills for twelve (12) consecutive months in the students name and dated showing proof that the student has maintained residence in Florida for the preceding year AND

Legal Ties/Basis

Documentation establishing domicile in Florida which is not temporary or merely incidental to enrollment in a Florida institution of higher education must be dated at least one year prior to the first day of classes of the semester for which resident status is sought. The following documents will be considered evidence of domicile even though no single criterion will be considered as conclusive evidence of domicile:
