# **General Studies**

The Bachelor of General Studies (BGS) degree program provides interdisciplinary study across academic disciplines and professional fields. It is designed for nontraditional students whose age, residence, academic interests, or career objectives require a more individualized university degree. The Bachelor of General Studies degree program is designed to:

- Meet the University of West Florida's mission to provide students with access to high-quality, relevant, and affordable undergraduate learning experiences, and therefore better serve the general educational needs of the region;
- Provide students an opportunity to earn a bachelor's degree while maintaining family, military, and/or employment obligations;
- Offer a degree option including studies in several disciplinary areas;
- Give students the option to complete courses at the Pensacola campus, UWF Emerald Coast, and/or online; and
- Provide students an opportunity to build upon the associate of arts degrees offered by other institutions.

# **Program Requirements**

The BGS program has two specializations, including BGS: Integrative Studies and BGS: Culture, Health and Society.

For both specializations:

- A minimum of 60 semester hours must be completed at a four-year college or university.
- Students seeking the B.G.S. degree must maintain a UWF and cumulative GPA of at least 2.0. A grade of "C" or higher is required in all major courses.
- No more than 24% of the program requirements for this degree may be in traditional business subjects. Traditional business subjects can typically be identified as courses with the following prefixes: ACG, ECO, ECP, FIN, GEB, ISM, MAN, MAR, TAX, and TRA. Students changing majors from Business to General Studies must obtain approval from the Lewis Bear Jr. College of Business as well as the General Studies academic advisor to ensure compliance with this rule.

# Integrative Studies Specialization

In addition to the University's general requirements, students must complete a minimum of six (6) semester hours of upper-division "lead" courses from each area of emphasis (Communication, Information Literacy, Problem Solving/Decision Making, and Community Leadership) for a total of 24 semester hours of lead coursework. Students then choose 24 elective semester hours from across the four areas of Communication, Information Literacy, Problem Solving/ Decision Making, and Community Leadership. Students individualize their program when choosing their electives; they may be from one area or may be spread across multiple areas depending on their concentration.

Integrative Studies students consult with their advisor and choose appropriate courses within each of the four proficiency areas. They do not have to be from the same department or even the same college. As with traditional majors, students take a series of classes in the chosen area(s), including any prerequisites. In the second to last or last semester, students must complete a three semester hour, upper-division Capstone course, which may be work- or community-related. This project serves as a culminating experience in the BGS: Integrative Studies program and demonstrates the synthesis of academic contact with personal and professional goals. Students work with their instructor to submit a proposal, choose project requirements, and recommend changes when needed. A presentation of the project is required and options include the UWF Student Scholars Symposium, the Women's and Gender Studies Conference, or other symposium/conference of the student's choice.

# Culture, Health & Society Specialization

In addition to the University's general requirements, students must complete a minimum of six (6) semester hours of upper-division "lead" courses from each area of emphasis (Communication and Community Leadership; Ethics, Rights, and Legal Perspectives; Research and Data Fluency; Social, Cultural, and Global Perspectives; and Risk Management and Problem Solving) for a total of 30 semester hours of lead coursework. Students then choose 18 elective semester hours from across the five areas of emphasis (Communication and Community Leadership; Ethics, Rights, and Legal Perspectives; Research and Data Fluency; Social, Cultural, and Global Perspectives; and Risk Management and Problem Solving). Students individualize their program when choosing their electives; they may be from one area or may be spread across multiple areas depending on their concentration.

Culture, Health & Society students consult with their advisor and choose appropriate courses within each of the five proficiency areas. They do not have to be from the same department or even the same college. As with traditional majors, students take a series of classes in the chosen area(s), including any prerequisites.

In the second to last or last semester, students must complete a three semester hour, upper-division Capstone course or Internship, which may be work- or community-related. The Capstone or Internship serves as a culminating experience in the BGS: Culture, Health and Society program.

# **General Education**

In addition to the General Education requirements listed on this page, students must satisfy all additional University requirements, including the <u>College-Level Communication and Computation</u>, <u>Multicultural</u>, and <u>Foreign Language</u> requirements. With appropriate planning and coordination with an academic advisor, students may satisfy some of the general University requirements through the General Education curriculum. For a complete listing of general degree requirements, refer to the <u>State University Requirements</u> section of this catalog.

#### **General Education Electives**

Choose an additional course from two of the five areas of Communication, Mathematics, Social Sciences, Humanities, and Natural Sciences.

#### **Multicultural Requirement**

#### **Multicultural Courses**

An important component of a liberal education is the study of cultures other than one's own. As such, multiculturalism encompasses the appreciation of the values, expressions, and modes of organization of diverse cultural communities. To further such study, the University of West Florida requires all students pursuing a bachelor's degree to complete at least one course that explores one or more of the dimensions of another culture (language, religion, socio-economic structures, etc.). Students are exempt from this requirement if they have completed an A.A. degree, the general education program at a Florida public institution, or a baccalaureate degree.

The requirement is satisfied by the successful completion of a multicultural course designated on the following list. Several of the selections are General Education courses, and students may enroll in these to meet both the General Education and the multicultural requirements.

#### \*\*Passed by UWF Faculty Senate on 11/08/2002

This list is continually updated and students are encouraged to check with their advisors for alternative options.

# **Civic Literacy Requirement**

The 2017 Florida Legislature amended <u>Section 1007.25</u>, Florida <u>Statutes</u>, to require students *initially entering* a State University **System (SUS) and/or Florida College System (FCS) institution in 2018-2019** and thereafter to demonstrate competency in civic literacy. The 2021 Legislature further amended Florida Statutes, requiring students to complete both a civic literacy course and an exam. As a result, there are three cohorts of students currently matriculating at Florida public institutions subject to varying requirements. As demonstrated in the table below, the exact civic literacy requirements are based on the academic term in which a student first enrolled in a Florida public institution.

Students Included in Cohort	Civic Literacy Competency Requirement
Cohort 1: Students first entering the SUS or FCS prior to fall 2018	None
Cohort 2: Students first entering the SUS or FCS in fall 2018 – summer A 2021	Complete a course <b>or</b> exam (course options AMH 2020, POS 2041 )
Cohort 3: Students first entering the SUS or FCS in summer B 2021 (on or after July 1, 2021) and thereafter	Complete both a course <b>and</b> exam (course options AMH 2020, POS 2041)

Additionally, the 2021 Legislature made two additional exceptions: approving the use of accelerated mechanisms for meeting the course competency requirement and exempting high school students who pass the Florida Civic Literacy Exam in high school from the postsecondary exam requirement. These two changes are in effect for Cohort 3.

There are multiple ways to satisfy this requirement. Students should work with their academic advisor to determine which option is best for their degree requirements/degree plan.

Additional information can be found on our <u>Civic Literacy</u> website, SUS regulation <u>BOG 8.006</u> and Florida Statute <u>s.1007.25(4,a-b)</u>.

# **Mathematics Pathway**

Students are advised to complete the following courses to fulfill the mathematics pathway that aligns with the mathematics skills needed for success in their program and their career goals. Students should refer to their academic advisor for questions about the math pathway for their program. For information about this requirement, refer to the catalog page for <u>Mathematics Pathways</u>. These courses may also fulfill requirements for General Education and Common Prerequisites.

Mathematical Thinking in Context

MGF 1130	Mathematical Thinking	3
MGF 1131	Mathematics in Context	3

# **Common Prerequisites**

State-mandated common prerequisites must be completed prior to graduation, but are not required for admission to the program. See the <u>Common Prerequisite Manual</u> for course substitutions from Florida colleges and universities.

There are no specified common prerequisites for the Bachelor of General Studies. All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

# **Lower Division Electives**

Sufficient 1000/2000 level electives to complete at least 60 semester hours in the lower division. Current UWF students may use elective courses at any level (1000-4000) to meet this elective requirement.

#### **General Education Electives**

Choose an additional course from two of the five areas of Communication, Mathematics, Social Sciences, Humanities, and Natural Sciences.

Students should consult with their academic advisor for courses that may satisfy both General Education requirements and common prerequisites.

# **Multicultural Requirement**

#### **Multicultural Courses**

An important component of a liberal education is the study of cultures other than one's own. As such, multiculturalism encompasses the appreciation of the values, expressions, and modes of organization of diverse cultural communities. To further such study, the University of West Florida requires all students pursuing a bachelor's degree to complete at least one course that explores one or more of the dimensions of another culture (language, religion, socio-economic structures, etc.). Students are exempt from this requirement if they have completed an A.A. degree, the general education program at a Florida public institution, or a baccalaureate degree.

The requirement is satisfied by the successful completion of a multicultural course designated on the following list. Several of the

selections are General Education courses, and students may enroll in these to meet both the General Education and the multicultural requirements.

#### \*\*Passed by UWF Faculty Senate on 11/08/2002

This list is continually updated and students are encouraged to check with their advisors for alternative options.

# **Civic Literacy Requirement**

The 2017 Florida Legislature amended <u>Section 1007.25</u>, Florida <u>Statutes</u>, to require students *initially entering* a State University **System (SUS) and/or Florida College System (FCS) institution in 2018-2019** and thereafter to demonstrate competency in civic literacy. The 2021 Legislature further amended Florida Statutes, requiring students to complete both a civic literacy course and an exam. As a result, there are three cohorts of students currently matriculating at Florida public institutions subject to varying requirements. As demonstrated in the table below, the exact civic literacy requirements are based on the academic term in which a student first enrolled in a Florida public institution.

Students Included in Cohort	Civic Literacy Competency Requirement
Cohort 1: Students first entering the SUS or FCS prior to fall 2018	None
Cohort 2: Students first entering the SUS or FCS in fall 2018 – summer A 2021	Complete a course <b>or</b> exam (course options AMH 2020, POS 2041 )
Cohort 3: Students first entering the SUS or FCS in summer B 2021 (on or after July 1, 2021) and thereafter	Complete both a course <b>and</b> exam (course options AMH 2020, POS 2041)

Additionally, the 2021 Legislature made two additional exceptions: approving the use of accelerated mechanisms for meeting the course competency requirement and exempting high school students who pass the Florida Civic Literacy Exam in high school from the postsecondary exam requirement. These two changes are in effect for Cohort 3.

There are multiple ways to satisfy this requirement. Students should work with their academic advisor to determine which option is best for their degree requirements/degree plan.

Additional information can be found on our <u>Civic Literacy</u> website, SUS regulation <u>BOG 8.006</u> and Florida Statute <u>s.1007.25(4,a-b)</u>.

#### **Mathematics Pathway**

Students are advised to complete the following courses to fulfill the mathematics pathway that aligns with the mathematics skills needed for success in their program and their career goals. Students should refer to their academic advisor for questions about the math pathway for their program. For information about this requirement, refer to the catalog page for <u>Mathematics Pathways</u>. These courses may also fulfill requirements for General Education and Common Prerequisites.

Mathematical Thinking in Context

MGF 1130	Mathematical Thinking	3
MGF 1131	Mathematics in Context	3

# **Common Prerequisites**

State-mandated common prerequisites must be completed prior to graduation, but are not required for admission to the program. See the <u>Common Prerequisite Manual</u> for course substitutions from Florida colleges and universities.

There are no specified common prerequisites for the Bachelor of General Studies. All Florida College System students are encouraged to complete the Associate degree. Students should consult with an academic advisor in their major degree area at the intended transfer institution.

# Lower Division Electives

Sufficient 1000/2000 level electives to complete at least 60 semester hours in the lower division. Current UWF students may use elective courses at any level (1000-4000) to meet this elective requirement.

# **Upper Division Electives**

Students must complete sufficient 3000/4000 level electives to meet UWF's requirement of 48 semester hours in the upper division or complete all departmental requirements and the 3000/4000 level, whichever is greater.

#### **Capstone Course**

The Senior Capstone for the Bachelor of General Studies is designed to encourage self-analysis of career and intellectual interests in the student's chosen career or academic field based on the four cognate areas. By way of readings, discussion, analytical exercises, writing assignments, and class presentations, students will demonstrate and practice the skills they have acquired throughout their academic careers. Students will develop a detailed project proposal and complete a final research project linking the four areas of study of the student's personalized BGS degree plan with career and intellectual interests. The final written project will consist of research, reviews, and analysis targeted toward a specified audience. A presentation of the project is required. <sup>+</sup> 9
