

Fine Arts

The B.F.A. features two areas of concentration: The B.F.A. in Graphic Design and the B.F.A. in Fine Art.

The B.F.A. specialization in Graphic Design is a professional degree that provides students with the skills and experience to succeed as practicing Graphic Designers and Designers in ancillary fields. Advanced classes in the program emulate client-based practices of the field.

The B.F.A. specialization in Fine Art is a professional art degree program that provides a more intensive course of study than the traditional B.A. in Studio Art. The B.F.A. in Fine Art prepares students for entry into the professional art world and/or graduate school. In the B.F.A. in Fine Arts program, students can concentrate in a number of studio areas, including Digital Art, Drawing, Painting, Sculpture, Printmaking, Photography, and Ceramics.

Program Requirements for the B.F.A. in Graphic Design

All students must complete 21 semester hours in designated Prerequisites, a Major Core of 30 semester hours, and 30 semester hours in advisor-approved upper-level electives in ART, ARH, PGY, DIG, GRA, ADV, and MAR. In their senior year, students must take one of the following as a capstone: "GRA 4873C Exhibition Design Studio," "GRA 4874C Senior Design Studio," or "GRA 4940L Internship in Graphic Design." As a culminating experience, students must also apply to participate in the department's competitive B.F.A. Exit Exhibition in their Senior Year.

A grade of "C" or better must be earned in all courses that are identified as common prerequisites, major, or major-related. Transfer students may satisfy deficiencies in required classes through coursework at UWF or outside courses articulated by the department. However, none of the art courses in the General Education curriculum may be used to satisfy junior/senior requirements.

Program Requirements for the B.F.A. in Fine Art

All students must complete 24 semester hours in designated Prerequisites, a Major Core of 24 semester hours, and 36 semester hours in electives, of which 24 must be upper-level ART, ARH, PGY, or GRA classes. As a culminating experience, students must apply to participate in the department's competitive B.F.A. Exit Exhibition in their senior year; before this, though, they must take the zero credit "ART 3950 Junior Portfolio Review" in their Junior year.

A grade of "C" or better must be earned in all courses that are identified as common prerequisites, major, or major-related. Transfer students may satisfy deficiencies in required classes through coursework at UWF or outside courses articulated by the department. However, none of the art courses in the General Education curriculum may be used to satisfy junior/senior requirements.

General Education

In addition to the General Education requirements listed on this page, students must satisfy all additional University requirements, including the [College-Level Communication and Computation](#), [Multicultural](#), and [Foreign Language](#) requirements. With appropriate planning and

coordination with an academic advisor, students may satisfy some of the general University requirements through the General Education curriculum. For a complete listing of general degree requirements, refer to the [State University Requirements](#) section of this catalog.

General Education Electives

Choose an additional course from two of the five areas of Communication, Mathematics, Social Sciences, Humanities, and Natural Sciences.

Multicultural Requirement

Multicultural Courses

An important component of a liberal education is the study of cultures other than one's own. As such, multiculturalism encompasses the appreciation of the values, expressions, and modes of organization of diverse cultural communities. To further such study, the University of West Florida requires all students pursuing a bachelor's degree to complete at least one course that explores one or more of the dimensions of another culture (language, religion, socio-economic structures, etc.). Students are exempt from this requirement if they have completed an A.A. degree, the general education program at a Florida public institution, or a baccalaureate degree.

The requirement is satisfied by the successful completion of a multicultural course designated on the following list. Several of the selections are General Education courses, and students may enroll in these to meet both the General Education and the multicultural requirements.

Civic Literacy Requirement

The 2017 Florida Legislature amended [Section 1007.25, Florida Statutes](#), to require students **initially entering a State University System (SUS) and/or Florida College System (FCS) institution in 2018-2019** and thereafter to demonstrate competency in civic literacy.

The 2021 Legislature further amended Florida Statutes, requiring students to complete both a civic literacy course and an exam. As a result, there are three cohorts of students currently matriculating at Florida public institutions subject to varying requirements. As demonstrated in the table below, the exact civic literacy requirements are based on the academic term in which a student first enrolled in a Florida public institution.

Students Included in Cohort	Civic Literacy Competency Requirement
Cohort 1: Students first entering the SUS or FCS prior to fall 2018	None
Cohort 2: Students first entering the SUS or FCS in fall 2018 – summer A 2021	Complete a course or exam (course options AMH 2020, POS 2041)
Cohort 3: Students first entering the SUS or FCS in summer B 2021 (on or after July 1, 2021) and thereafter	Complete both a course and exam (course options AMH 2020, POS 2041)

Additionally, the 2021 Legislature made two additional exceptions: approving the use of accelerated mechanisms for meeting the course competency requirement and exempting high school students who pass the Florida Civic Literacy Exam in high school from the postsecondary exam requirement. These two changes are in effect for Cohort 3.

There are multiple ways to satisfy this requirement. Students should work with their academic advisor to determine which option is best for their degree requirements/degree plan.

Additional information can be found on our [Civic Literacy](#) website, SUS regulation [BOG 8.006](#) and Florida Statute [s.1007.25\(4,a-b\)](#).

Mathematics Pathway

Students are advised to complete the following courses to fulfill the mathematics pathway that aligns with the mathematics skills needed for success in their program and their career goals. Students should refer to their academic advisor for questions about the math pathway for their program. Civic Literacy Requirement

The 2017 Florida Legislature amended [Section 1007.25, Florida Statutes](#), to require students **initially entering a State University System (SUS) and/or Florida College System (FCS) institution in 2018-2019** and thereafter to demonstrate competency in civic literacy. The 2021 Legislature further amended Florida Statutes, requiring students to complete both a civic literacy course and an exam. As a result, there are three cohorts of students currently matriculating at Florida public institutions subject to varying requirements. As demonstrated in the table below, the exact civic literacy requirements are based on the academic term in which a student first enrolled in a Florida public institution.

Students Included in Cohort	Civic Literacy Competency Requirement
Cohort 1: Students first entering the SUS or FCS prior to fall 2018	None
Cohort 2: Students first entering the SUS or FCS in fall 2018 – summer A 2021	Complete a course or exam (course options AMH 2020, POS 2041)
Cohort 3: Students first entering the SUS or FCS in summer B 2021 (on or after July 1, 2021) and thereafter	Complete both a course and exam (course options AMH 2020, POS 2041)

Additionally, the 2021 Legislature made two additional exceptions: approving the use of accelerated mechanisms for meeting the course competency requirement and exempting high school students who pass the Florida Civic Literacy Exam in high school from the postsecondary exam requirement. These two changes are in effect for Cohort 3.

There are multiple ways to satisfy this requirement. Students should work with their academic advisor to determine which option is best for their degree requirements/degree plan.

Additional information can be found on our [Civic Literacy](#) website, SUS regulation [BOG 8.006](#) and Florida Statute [s.1007.25\(4,a-b\)](#).

Mathematics Pathway

Students are advised to complete the following courses to fulfill the mathematics pathway that aligns with the mathematics skills needed for success in their program and their career goals. Students should refer to their academic advisor for questions about the math pathway for their program. For information about this requirement, refer to the catalog page for [Mathematics Pathways](#). These courses may also fulfill requirements for General Education and Common Prerequisites.
