Mathematics

The B.S. in Mathematics prepares students for graduate study; teaching; service in science, government and industry; and supporting roles in the social, biological, and physical sciences. This program emphasizes mathematics and statistics and provides students with considerable flexibility in choosing electives outside the major. It is recommended that students seek the advice of faculty regarding career opportunities and choice of a suitable minor.

Program Requirements

In addition to University's general requirements, students seeking the B.S. in Mathematics must meet the requirements listed below.

Students should consult with their academic advisor for courses which may satisfy both the general education requirements and prerequisites. A grade of C- or better is required for all Major courses.

General Education

In addition to the General Education requirements listed on this page, students must satisfy all additional University requirements, including the Gordon Rule, multicultural, and foreign language requirements. With appropriate planning and coordination with an academic advisor, students may satisfy some of the general University requirements through the General Education curriculum. For a complete listing of general degree requirements, refer to the "University Requirements" section of this catalog.

General Education Electives

Choose an additional course from two of the three areas of Humanities, Social Sciences, and Natural Sciences

Multicultural Requirement

Multicultural Courses

An important component of a liberal education is the study of cultures other than one's own. As such, multiculturalism encompasses the appreciation of the values, expressions, and modes of organization of diverse cultural communities. To further such study, the University of West Florida requires all students pursuing a bachelor's degree to complete at least one course that explores one or more of the dimensions of another culture (language, religion, socio-economic structures, etc.). Students are exempt from this requirement if they have completed an A.A. degree, the general education program at a Florida public institution, or a baccalaureate degree.

The requirement is satisfied by the successful completion of a multicultural course designated on the following list. Several of the selections are General Education courses, and students may enroll in these to meet both the General Education and the multicultural requirements.

**Passed by UWF Faculty Senate on 11/08/2002

This list is continually updated and students are encouraged to check with their advisors for alternative options.

Civic Literacy Requirement

The 2017 Florida Legislature amended <u>Section 1007.25</u>, Florida <u>Statutes</u>, to require students *initially entering* a State University **System (SUS) and/or Florida College System (FCS) institution in 2018-2019** and thereafter to demonstrate competency in civic literacy. The 2021 Legislature further amended Florida Statutes, requiring students to complete both a civic literacy course and an exam. As a result, there are three cohorts of students currently matriculating at Florida public institutions subject to varying requirements. As demonstrated in the table below, the exact civic literacy requirements are based on the academic term in which a student first enrolled in a Florida public institution.

Students Included in Cohort	Civic Literacy Competency Requirement
Cohort 1: Students first entering the SUS or FCS prior to fall 2018	None
Cohort 2: Students first entering the SUS or FCS in fall 2018 – summer A 2021	Complete a course or exam
Cohort 3: Students first entering the SUS or FCS in summer B 2021 (on or after July 1, 2021) and thereafter	Complete both a course and exam

Additionally, the 2021 Legislature made two additional exceptions: approving the use of accelerated mechanisms for meeting the course competency requirement and exempting high school students who pass the Florida Civic Literacy Exam in high school from the postsecondary exam requirement. These two changes are in effect for Cohort 3.

There are multiple ways to satisfy this requirement. Students should work with their academic advisor to determine which option is best for their degree requirements/degree plan.

Additional information can be found on our Civic Literacy website.

Admission to Mathematics Teaching

Students declaring a major in the Mathematics Teaching degree programs will automatically be placed in a pending status until they are fully admitted to the program. While in the pending status, students may not take 3000/4000 level education coursework, but should work closely with their advisor to plan an appropriate course of study in preparation for application to the program.

To be admitted, students must meet the following requirements:

- A cumulative GPA of 2.50 in all previously attempted college work;
- A passing score on the General Knowledge Test of the Florida Teacher Certification Exam;
- Completion of EDG 2041 Exploring Inquiry Teaching or equivalent with a grade of "C-" or higher.

The admission process requires students to complete the Application for Admission to Teacher Education (which includes a self-rating on dispositions toward teaching) and complete the orientation requirement.

B.A. Mathematics Teaching

General Education

In addition to the General Education requirements listed on this page, students must satisfy all additional University requirements, including the Gordon Rule, multicultural, and foreign language requirements. With appropriate planning and coordination with an academic advisor, students may satisfy some of the general University requirements through the General Education curriculum. For a complete listing of general degree requirements, refer to the "University Requirements" section of this catalog.

Civic Literacy Requirement

The 2017 Florida Legislature amended <u>Section 1007.25</u>, Florida <u>Statutes</u>, to require students *initially entering* a State University **System (SUS) and/or Florida College System (FCS) institution in 2018-2019** and thereafter to demonstrate competency in civic literacy. The 2021 Legislature further amended Florida Statutes, requiring students to complete both a civic literacy course and an exam. As a result, there are three cohorts of students currently matriculating at Florida public institutions subject to varying requirements. As demonstrated in the table below, the exact civic literacy requirements are based on the academic term in which a student first enrolled in a Florida public institution.

Students Included in Cohort	Civic Literacy Competency Requirement
Cohort 1: Students first entering the SUS or FCS prior to fall 2018	None
Cohort 2: Students first entering the SUS or FCS in fall 2018 – summer A 2021	Complete a course or exam
Cohort 3: Students first entering the SUS or FCS in summer B 2021 (on or after July 1, 2021) and thereafter	Complete both a course and exam

Additionally, the 2021 Legislature made two additional exceptions: approving the use of accelerated mechanisms for meeting the course competency requirement and exempting high school students who pass the Florida Civic Literacy Exam in high school from the postsecondary exam requirement. These two changes are in effect for Cohort 3.

There are multiple ways to satisfy this requirement. Students should work with their academic advisor to determine which option is best for their degree requirements/degree plan.

Additional information can be found on our Civic Literacy website.

*BOG 8.006; s.1007.25(4,a-b)

Common Prerequisites

State-mandated common prerequisites must be completed prior to graduation, but are not required for admission to the program. See the Common Prerequisite Manual for course substitutions from Florida colleges and universities.

Total Hours		22
Lab based science course (BSC, CHM, PHY)		4
MAP 2302	Differential Equations	3
MAC 2313	Analytic Geometry and Calculus III	4
MAC 2312	Analytic Geometry and Calculus II	4
MAC 2311	Analytic Geometry and Calculus I	4
COP XXXX		3

Lower Division Electives

Students must complete sufficient 1000/2000 level electives 0-12 to satisfy at least 60 sh in the lower division. Current UWF students may use elective courses at any level (1000-4000) to meet this elective requirements

Major

Total Hours		23
STA 4321	Introduction to Mathematical Statistics I $^{+}$	3
STA 3162C	Applied Statistics ⁺	4
MAT 4500	Undergraduate Proseminar in Mathematics/ Statistics ⁺	1
MAS 4301	Abstract Algebra ⁺	3
MAS 3105	Linear Algebra ⁺	3
MHF 3202	Set Theory and Mathematical Logic ⁺	3
MAD 4401	Numerical Analysis ⁺	3
MAA 4211	Advanced Calculus I ⁺	3

+ Courses counted toward the Major GPA

Upper Division Electives

Student must complete sufficient 3000/4000 level electives to 13 meet UWF's requirement of 48 semester hours in the upper division or complete all departmental requirements at the 3000/4000 level, whichever is greater

Teaching Core: 27 hours

Total Hours		27
TSL 4080	ESOL Principles and Practices	3
MAE 4320	Teaching Mathematics in Middle and Secondary Schools	3
ESE 4940	Secondary Practicum	3
ESE 4322	Instruction, Management, and Assessment: Secondary Education	3
EDG 4948	Apprenticeship Teaching	6
EDG 4323	Methods of K-12 Literacy Instruction	3
EDF 3234	Applied Foundations of Education	3
EDG 2041	Exploring Inquiry Teaching	3

Mathematics

A Minor in Mathematics requires completion of the calculus sequence in addition to the completion of 15 sh approved by the Department of Mathematics and Statistics in courses beyond the level of MAC 2313 Analytic Geometry and Calculus III. The courses can be any 3000/4000-level MAA, MAD, MAP, MAS, or MHF course, and/or MAP 2302, and/or STA 4321. A grade of C- or better is required for each of these courses, including the calculus sequence. Mathematics majors may not earn this minor.

Statistics

The minor in statistics requires completion of STA 2023 Elements of Statistics and MAC 2311 Analytic Geometry and Calculus I, in addition to the completion of 15 sh chosen from among the following courses:

Complete 5 of th	15	
STA 3162C	Applied Statistics	
STA 4173	Biostatistics	
STA 4321	Introduction to Mathematical Statistics I	
STA 4051	Nonparametric Statistics	
STA 4222	Sampling Theory	
STA 4234	Regression Analysis	
COP 4710	Database Systems	
Total Hours		15

Data Fluency Certificate

Data fluency is a certificate program that guides students through an exploration of data including data integration, ethical considerations, identification of a problem of interest, interpretation of results, and written and oral presentations of findings. This online program guides students through the applications of the fundamentals of statistics necessary for data description and analysis to enable datadriven decision-making in the context of the student's discipline.

STA 4012	Data Awareness	3
STA 4091	Data Fluency	3

Total Hours	9
Advisor Approved Elective	3

Data Science Certificate

In the University of West Florida's fully online Undergraduate Data Science Certificate program, students will learn relevant programming languages, statistics, and the modeling and computational techniques needed for Data Science. The comprehensive curriculum helps to identify, formulate, and solve data problems by selecting and applying appropriate methods in various fields. Students will understand the broad impact of data on society and can raise critical questions about data, its interpretation, and visualization.

Total Hours		12
STA 4231	Statistics for Data Science II	3
STA 4121	Statistics for Data Science I	3
CAP 4774	Databases for Data Science	3
CAP 4755	Tools for Data Science	3
