Courses

ETI 3445 Construction Estimating

College of Ed and Prof Studies, Department of Administration and Law

3 sh (may not be repeated for credit)

Processes involved in estimating, including the formats appropriate for construction jobs and projects are examined. Terminology, software options, and general requirements will be explored. Modeling of real-world experiences will include a project bid and formal "mock" bid opening.

ETI 3905 Directed Study

College of Ed and Prof Studies, Department of Administration and Law

1-12 sh (may be repeated indefinitely for credit)

ETI 4905 Directed Study

College of Ed and Prof Studies, Department of Administration and Law

1-12 sh (may be repeated indefinitely for credit)
