

# OCE: General Oceanography Courses

---

## Courses

### **OCE 3007 Concepts of Oceanography and Marine Biology**

College of Sci and Engineering, Department of Biology

3 sh (may not be repeated for credit)

Prerequisite: BSC 2011/L

This course is an examination of the principal ecosystems of the world's oceans, emphasizing the biotic and abiotic factors that contribute to the distribution of marine organisms. This course will focus on ocean literacy: awareness and understanding of the fundamental concepts about the history, function, contents, and utilization of the ocean. Emphasis will be placed on marine environmental issues and climate change.

### **OCE 3905 Directed Study**

College of Sci and Engineering, Department of Biology

1-12 sh (may be repeated indefinitely for credit)

### **OCE 4905 Directed Study**

College of Sci and Engineering, Department of Biology

1-12 sh (may be repeated indefinitely for credit)

### **OCE 5905 Directed Study**

College of Sci and Engineering, Department of Biology

1-12 sh (may be repeated indefinitely for credit)

### **OCE 6905 Directed Study**

College of Sci and Engineering, Department of Biology

1-12 sh (may be repeated indefinitely for credit)
