

# QMB: Quantitative Methods in Business Courses

---

---

## Courses

### **QMB 3820 Introduction to Quantitative Models for Business Decisions**

College of Business, Department of Business Administration

3 sh (may not be repeated for credit)

Prerequisite: MAC 2233 OR ISM 3011

Formulation and application of mathematical models in business decision making scenarios. Focuses on a system modeling view of resources, constraints and objectives. Credit can only be earned for one of these two courses: MAN 3550 and QMB 3820.

### **QMB 6305 Quantitative Methods for Business**

College of Business, Department of Business Admin, General

3 sh (may not be repeated for credit)

Provides students with quantitative skills that are required to make business decisions. These skills involve using statistical, forecasting and estimation techniques. Students are expected to use the subject matter for problem sets and exams.
