## Chemistry, Bachelor of Arts

The B.A. in Chemistry is available in two specializations: Chemistry and Chemistry/Biochemistry. Both specializations are designed for students who need a strong background in chemistry for application in other fields such as business, education, forensic science, premedical, pre-dental, pre-law, and some environmental fields.
The program is designed for students who need a strong background in chemistry for application in other fields. The tracks within this program are business, pre-law, and education, and chemical hygiene. Each track has the same core of chemistry courses and a set of required courses which depends on the area of concentration. The education track meets the American Chemical Society (ACS) recommendations for a Chemistry/Education degree.
Students may also complete an advisor approved minor or its $15-18$ sh equivalent in a field related to the student's career objectives.

## Program Requirements

In addition to the university's general requirements, students seeking the B.A. in Chemistry must meet the requirements listed below.

Students should consult with their academic advisor for courses which may satisfy both the General Education requirements and common prerequisites.

A grade of "C-" or better is required in all common prerequisites. No grade below a "C-" in a major course may be applied toward graduation.

## B.A. Chemistry Specialization

The program is designed for students who need a strong background in chemistry for application in other fields. The tracks within this program are business, pre-law, and education, and chemical hygiene. Each track has the same core of chemistry courses and a set of required courses which depends on the area of concentration. The education track meets the American Chemical Society (ACS) recommendations for a Chemistry/Education degree.

## General Education

In addition to the General Education requirements listed on this page, students must satisfy all additional University requirements, including the Gordon Rule, multicultural, and foreign language requirements. With appropriate planning and coordination with an academic advisor, students may satisfy some of the general University requirements through the General Education curriculum. For a complete listing of general degree requirements, refer to the "University Requirements" section of this catalog.

## General Education Electives

Choose an additional course from two of the three areas of Humanities, Social Sciences, and Natural Sciences

## Multicultural Requirement

## Multicultural Courses

An important component of a liberal education is the study of cultures other than one's own. As such, multiculturalism encompasses the appreciation of the values, expressions, and modes of organization of diverse cultural communities. To further such study, the University of West Florida requires all students pursuing a bachelor's degree to complete at least one course that explores one or more of the dimensions of another culture (language, religion, socio-economic structures, etc.). Students are exempt from this requirement if they have completed an A.A. degree, the general education program at a Florida public institution, or a baccalaureate degree.
The requirement is satisfied by the successful completion of a multicultural course designated on the following list. Several of the selections are General Education courses, and students may enroll in these to meet both the General Education and the multicultural requirements.

## **Passed by UWF Faculty Senate on 11/08/2002

This list is continually updated and students are encouraged to check with their advisors for alternative options.

## Civic Literacy Requirement

The 2017 Florida Legislature amended Section 1007.25, Florida Statutes, to require students initially entering a State University System (SUS) and/or Florida College System (FCS) institution in 2018-2019 and thereafter to demonstrate competency in civic literacy. The 2021 Legislature further amended Florida Statutes, requiring students to complete both a civic literacy course and an exam. As a result, there are three cohorts of students currently matriculating at Florida public institutions subject to varying requirements. As demonstrated in the table below, the exact civic literacy requirements are based on the academic term in which a student first enrolled in a Florida public institution.

| Students Included in Cohort | Civic Literacy Competency <br> Requirement |
| :--- | :--- |
| Cohort 1: Students first entering <br> the SUS or FCS prior to fall 2018 | None |
| Cohort 2: Students first entering <br> the SUS or FCS in fall 2018- <br> summer A 2021 | Complete a course or exam |
| Cohort 3: Students first entering <br> the SUS or FCS in summer B <br> 2021 (on or after July 1, 2021) <br> and thereafter | Complete both a course and <br> exam |

Additionally, the 2021 Legislature made two additional exceptions: approving the use of accelerated mechanisms for meeting the course competency requirement and exempting high school students who pass the Florida Civic Literacy Exam in high school from the postsecondary exam requirement. These two changes are in effect for Cohort 3.
There are multiple ways to satisfy this requirement. Students should work with their academic advisor to determine which option is best for their degree requirements/degree plan.
Additional information can be found on our Civic Literacy website.
*BOG 8.006; s. $1007.25(4, a-b)$

## Common Prerequisites

State-mandated common prerequisites must be completed prior to graduation, but are not required for admission to the program. See the Common Prerequisite Manual for course substitutions from Florida colleges and universities.

Students must complete an advisor approved minor or its $15-18$ sh equivalent in a field related to the student's career objectives and additional approved 3000/4000 level electives outside chemistry.

## Total Hours

## Upper Division Electives

Student must complete sufficient 3000/4000 level electives to 8-20 meet UWF's requirement of 48 semester hours in the upper division or complete all departmental requirements at the 3000/4000 level, whichever is greater.

Total Hours

## B.A. Chemistry/Biochemistry Specialization

The program is designed for students who need a strong background in chemistry/biochemistry for application in other fields. The tracks within this program are: Environmental, Forensics, Pre-medical, and Medicinal Chemistry. Each track has the same core of chemistry courses and a set of required courses which depends on the area of concentration. The pre-medical track prepares students for admission to medical, dental, and pharmacy schools while providing the broadbased education preferred by these institutions.

## General Education

In addition to the General Education requirements listed on this page, students must satisfy all additional University requirements, including the Gordon Rule, multicultural, and foreign language requirements. With appropriate planning and coordination with an academic advisor, students may satisfy some of the general University requirements through the General Education curriculum. For a complete listing of general degree requirements, refer to the "University Requirements" section of this catalog.

## Civic Literacy Requirement

The 2017 Florida Legislature amended Section 1007.25, Florida Statutes, to require students initially entering a State University System (SUS) and/or Florida College System (FCS) institution in 2018-2019 and thereafter to demonstrate competency in civic literacy. The 2021 Legislature further amended Florida Statutes, requiring students to complete both a civic literacy course and an exam. As a result, there are three cohorts of students currently matriculating at Florida public institutions subject to varying requirements. As demonstrated in the table below, the exact civic literacy requirements are based on the academic term in which a student first enrolled in a Florida public institution.

| Students Included in Cohort | Civic Literacy Competency <br> Requirement |
| :--- | :--- |
| Cohort 1: Students first entering <br> the SUS or FCS prior to fall 2018 | None |
| Cohort 2: Students first entering <br> the SUS or FCS in fall 2018 - <br> summer A 2021 | Complete a course or exam |
| Cohort 3: Students first entering <br> the SUS or FCS in summer B <br> 2021 (on or after July 1, 2021) <br> and thereafter | Complete both a course and <br> exam |

Additionally, the 2021 Legislature made two additional exceptions: approving the use of accelerated mechanisms for meeting the course competency requirement and exempting high school students who pass the Florida Civic Literacy Exam in high school from the postsecondary exam requirement. These two changes are in effect for Cohort 3.
There are multiple ways to satisfy this requirement. Students should work with their academic advisor to determine which option is best for their degree requirements/degree plan.
Additional information can be found on our Civic Literacy website.

## Minor Track

Students complete an advisor approved minor or its 15-18 sh $\quad 15-18$ equivalent in a field related to the student's career objectives and additional approved 3000/4000 level electives outside chemistry.

## Upper Division Electives

Student must complete sufficient 3000/4000 level electives to 13-17 meet UWF's requirement of 48 semester hours in the upper division or complete all departmental requirements at the 3000/4000 level, whichever is greater.

## Total Hours

13-17

## B.A. Chemistry Teaching Specialization Admission to Chemistry Teaching

Students declaring a major in the Chemistry Teaching degree programs will automatically be placed in a pending status until they are fully admitted to the program. While in the pending status, students may not take 3000/4000 level education coursework, but should work closely with their advisor to plan an appropriate course of study in preparation for application to the program.

To be admitted, students must meet the following requirements:

- A cumulative GPA of 2.50 in all previously attempted college work;
- A passing score on the General Knowledge Test of the Florida Teacher Certification Exam;
- Completion of EDG 2041 Exploring Inquiry Teaching or equivalent with a grade of "C-" or higher.
The admission process requires students to complete the Application for Admission to Teacher Education (which includes a self-rating on dispositions toward teaching) and complete the orientation requirement.

## General Education

In addition to the General Education requirements listed on this page, students must satisfy all additional University requirements, including the Gordon Rule, multicultural, and foreign language requirements. With appropriate planning and coordination with an academic advisor, students may satisfy some of the general University requirements through the General Education curriculum. For a complete listing of general degree requirements, refer to the "University Requirements" section of this catalog.

* May be taken with or without lab.
** Algebra-Based Physics is usually recommended for non-science majors, while Calculus-Based Physics is recommended for science majors
*** Although students receive 5 semester hours credit for PHY 2048C, an additional 3 semester science course will be needed to meet General Education requirements.

## General Education Electives

Choose an additional course from two of the three areas of Humanities, Social Sciences, and Natural Sciences

## Multicultural Requirement

## Multicultural Courses

An important component of a liberal education is the study of cultures other than one's own. As such, multiculturalism encompasses the appreciation of the values, expressions, and modes of organization of diverse cultural communities. To further such study, the University of West Florida requires all students pursuing a bachelor's degree to complete at least one course that explores one or more of the dimensions of another culture (language, religion, socio-economic structures, etc.). Students are exempt from this requirement if they have completed an A.A. degree, the general education program at a Florida public institution, or a baccalaureate degree.

The requirement is satisfied by the successful completion of a multicultural course designated on the following list. Several of the selections are General Education courses, and students may enroll in these to meet both the General Education and the multicultural requirements.
**Passed by UWF Faculty Senate on 11/08/2002
This list is continually updated and students are encouraged to check with their advisors for alternative options.

## Total Hours

* Indicates common prerequisites which can be used to satisfy General Education requirements.

## Lower Division Electives

Students must complete sufficient 1000/2000 level electives to satisfy at least 60 sh in the lower division. Current UWF students may use 0 to 10 credit hours of elective courses at any level (1000-4000) to meet this elective requirement.

## Upper Division Electives

Student must complete sufficient 3000/4000 level electives to meet UWF's requirement of 48 semester hours in the upper division or complete all departmental requirements at the 3000/4000 level, whichever is greater. This program as shown will meet the required 48 hours of upper division classes

## Chemistry

The Minor in Chemistry is designed for students majoring in other science disciplines. Chemistry majors may not earn this minor. The following requirements must be completed.

| CHM 2045+L | General Chemistry I (+Lab) | 4 |
| :--- | :--- | ---: |
| CHM 2046+L | General Chemistry II (+Lab) | 4 |
| CHM 2210+L | Organic Chemistry I (+Lab) | 4 |
| CHM 2211+L | Organic Chemistry II (+Lab) | 4 |
| CHM 3120+L | Analytical Chemistry (+Lab) | 4 |
| CHM 3400C | Basic Physical Chemistry | 4 |
| CHM 4611 | Inorganic Chemistry | 4 |
| MAC 2311 | Analytic Geometry and Calculus I | 4 |
| MAC 2312 | Analytic Geometry and Calculus II | 4 |
| Advisor-approved 3000/4000 level course | $3-4$ |  |
| Choose one option from the following: | 8 |  |

Option 1
PHY 2048+L Calculus-Based Physics I (+Lab)
PHY 2049+L Calculus-Based Physics II (+Lab)
Option 2
PHY 2053+L Algebra-Based Physics I (+Lab)
PHY 2054+L Algebra-Based Physics II (+Lab)
Total Hours

## Chemistry for Laboratory Health Sciences Certificate

This certificate program focuses on elements of introductory general chemistry courses and organic chemistry. In this certificate, students will develop knowledge and problem-solving skills to prepare them for advanced studies in Laboratory Health Sciences. Students must complete prerequisites in mathematics for the courses in this program.

| CHM 2030 | General Chemistry 1 for Laboratory Health <br> Sciences | 3 |
| :--- | :--- | :---: |
| CHM 2031 | General Chemistry 2 for Laboratory Health <br> Sciences | 3 |
| CHM 2202 | Organic Chemistry for Laboratory Health <br> Sciences | 3 |
