

# Supply Chain Logistics Management

The B.S.B.A. in Supply Chain Logistics Management is an included program in the University's accreditation by AACSB International.

Today's businesses operate in increasingly complex domestic and global marketplaces. Managing logistics operations within such complex supply chains impacts all aspects of the organization, as well as, its customers and suppliers. The Supply Chain Logistics Management major provides students with the core knowledge to recognize, understand, and manage logistics and transportation operations and market such services.

Supply Chain Logistics Management coursework will expose students to core supply chain management areas of logistics, transportation, materials planning and management, demand management, finished goods distribution, customer service, global and intermodal logistics, transportation brokerage and freight forwarding, logistics analytics, and procurement.

The major builds an understanding of how logistics and transportation are managed by connecting students to business logistics in the field through interactions with executives in the classroom and in industry facilities. Students will be skilled in identifying the critical service and cost factors when making business logistics decisions, and students will be equipped with the skills to evaluate trade-offs between the factors and to ultimately make the most cost-effective and service-effective logistics decisions.

## Program Requirements

In addition to general University requirements, students seeking the B.S.B.A. in Supply Chain Logistics Management must meet the requirements listed below. A minimum course grade of "C" is required in all Lewis Bear Jr. College of Business prerequisites, major, and major-related courses.

Students should consult with their academic advisor for courses which may satisfy both the General Education requirements and common prerequisites.

## Lewis Bear Jr. College of Business BSBA Core

All students pursuing a BSBA major in the Lewis Bear Jr. College of Business must complete each of the following BSBA core courses with a grade of "C" (2.0) or better.

## Lewis Bear Jr. College of Business Undergraduate Transfer Credit Policy

The Lewis Bear Jr. College of Business at the University of West Florida is accredited by AACSB International, the highest level of accreditation available to a college or school of business. As such, the College believes that it is in the student's best interest to take all junior/senior level BSBA Core, Major, and Major-related courses at UWF. These courses are typically taught by academically or professionally qualified faculty members as defined in the College's policy on faculty qualifications.

Undergraduate transfer credit for degree programs in the Lewis Bear Jr. College of Business is awarded consistent with specifications in the UWF Catalog and the requirements of Florida's Common Numbering System.

Normally, the Lewis Bear Jr. College of Business will not accept transfer credits as equivalent to UWF 3000/4000 level business-related courses from institutions not accredited by AACSB International.

Students should seek guidance from their Lewis Bear Jr. College of Business academic advisors on these matters.

## General Education

In addition to the General Education requirements listed on this page, students must satisfy all additional University requirements, including the [College-Level Communication and Computation](#), [Multicultural](#), and [Foreign Language](#) requirements. With appropriate planning and coordination with an academic advisor, students may satisfy some of the general University requirements through the General Education curriculum. For a complete listing of general degree requirements, refer to the [State University Requirements](#) section of this catalog.

Humanities	3
SPC 2608 Public Speaking	
Mathematics	6
STA 2023 Elements of Statistics	
MAC 2233 Calculus with Business Applications	
Social Sciences	3
ECO 2013 Principles of Economics Macro	

## Multicultural Requirement

### Multicultural Courses

An important component of a liberal education is the study of cultures other than one's own. As such, multiculturalism encompasses the appreciation of the values, expressions, and modes of organization of diverse cultural communities. To further such study, the University of West Florida requires all students pursuing a bachelor's degree to complete at least one course that explores one or more of the dimensions of another culture (language, religion, socio-economic structures, etc.). Students are exempt from this requirement if they have completed an A.A. degree, the general education program at a Florida public institution, or a baccalaureate degree.

The requirement is satisfied by the successful completion of a multicultural course designated on the following list. Several of the selections are General Education courses, and students may enroll in these to meet both the General Education and the multicultural requirements.

*\*\*Passed by UWF Faculty Senate on 11/08/2002*

This list is continually updated and students are encouraged to check with their advisors for alternative options.

## Civic Literacy Requirement

The 2017 Florida Legislature amended [Section 1007.25, Florida Statutes](#), to require students **initially entering a State University System (SUS) and/or Florida College System (FCS) institution in 2018-2019** and thereafter to demonstrate competency in civic literacy. The 2021 Legislature further amended Florida Statutes, requiring students to complete both a civic literacy course and an exam. As a result, there are three cohorts of students currently matriculating at Florida public institutions subject to varying requirements. As demonstrated in the table below, the exact civic literacy requirements are based on the academic term in which a student first enrolled in a Florida public institution.

Students Included in Cohort	Civic Literacy Competency Requirement
Cohort 1: Students first entering the SUS or FCS prior to fall 2018	None
Cohort 2: Students first entering the SUS or FCS in fall 2018 – summer A 2021	Complete a course <b>or</b> exam (course options AMH 2020, POS 2041 )
Cohort 3: Students first entering the SUS or FCS in summer B 2021 (on or after July 1, 2021) and thereafter	Complete both a course <b>and</b> exam (course options AMH 2020, POS 2041)

Additionally, the 2021 Legislature made two additional exceptions: approving the use of accelerated mechanisms for meeting the course competency requirement and exempting high school students who pass the Florida Civic Literacy Exam in high school from the postsecondary exam requirement. These two changes are in effect for Cohort 3.

There are multiple ways to satisfy this requirement. Students should work with their academic advisor to determine which option is best for their degree requirements/degree plan.

Additional information can be found on our [Civic Literacy](#) website, SUS regulation [BOG 8.006](#) and Florida Statute [s.1007.25\(4.a-b\)](#).

## Mathematics Pathway

Students are advised to complete the following courses to fulfill the mathematics pathway that aligns with the mathematics skills needed for success in their program and their career goals. Students should refer to their academic advisor for questions about the math pathway for their program. For information about this requirement, refer to the catalog page for [Mathematics Pathways](#). These courses may also fulfill requirements for General Education and Common Prerequisites.
